MEMORANDUM FOR: Deputy Director for Administration

FROM

: Harry E. Fitzwater Director of Training

SUBJECT

: CIA Talks for Public Groups

1. In looking through your reading file, I noted the new draft guidelines titled "Requests for Agency Officials as Guest Speakers." As the guidelines had not been sent to OTR for an input, I thought it important that we have an opportunity to comment on them. These comments are attached in the form of a memorandum from to me. I hope you will take our comments into account if and when the Management Committee takes up the draft guidelines. If you wish, we would be prepared to perform drafting service for a revised version.

STATINTL

also filled me in on talk STATINTL at your monthly conference when I attended the MOTC graduation. He mentioned I response to response to the STATINTL question about the Agency's public relations campaign to the effect that we will continue to brief outside groups and give talks on the Agency, but that the big problem right now is determining what the Agency's message to the public should be. Don expressed interest in working on an assignment of determining what various wise heads think we ought to be telling the public and of blocking out these themes for Agency officials who talk about CIA to the public. I think it is important that some initiative be exercised in this area, and I would support your volunteering of services to if you agree. I has written several speeches, including one STATINTL for Mr. Colby, and has an extensive collection of material of this type. Please let me know if you plan to volunteer
